

BE SATISFIED WITH YOURSELF

Nothing makes a man feel so much out of place, out of tune---so much like a "misfit" as to have ill-fitting clothes. You imagine that everybody is looking at you and "laughing up their sleeves."

It's partly imagination, of course, but did you ever stop to think that poor clothes are not half as noticeable as good clothes---the kind that have the ear-marks of quality and make you stand out among your fellows? Hart Schaffner & Marx Clothes are distinctly the latter kind and if you wear them you will not only be satisfied with them, but satisfied with yourself as well. Then, too, you are assured of quality in these

ALL-WOOL SUITS

Come in soon; you've got a great treat in store for you and this is the store it's in. We're going to show you some of the liveliest Clothes you ever saw.

It seems as though the weavers had made a special point of getting beauty in design this Spring---handsome gray fabrics, choice brown and some very fancy blues.

Hart Schaffner & Marx Suits

\$18.00 to \$30.00

The tailoring is the kind that such fine fabrics deserve.

Favorite Footwear Styles Of New York Clubmen

Our latest shipment of Regal Shoes includes ultra-fashionable models that are right now popular among the clubmen of New York and London, who are the admitted authorities on men's style.

REGAL SHOES

correctly reproduce the smartest custom models designed for each season. Regal shoes reproduce perfect custom fit and comfort. As to the quality in these Regals, we assure you it is the recognized standard everywhere.

\$500

CHOICE NECKWEAR

To match your new suit you will want some new Ties. We have them in every color of the rainbow and every sort of stripe and figure. It will be worth your while just to come in and look them over---and more than worth your money to buy them.

MOORE & OWENS, BARRE'S LEADING CLOTHIERS

122 North Main Street, Barre, Vt.

COLD BREEZES FOR BASEBALL

But Spaulding High Wars to its Task

AND DEFEATS NORTHFIELD

Game at Berlin Street Grounds Yesterday Afternoon Resulted in Score of 8 to 6 in Favor of the Home Team.

Amid north pole breezes that nearly froze the small crowd of fans to their seats, Spaulding high school defeated Northfield high at the Berlin street grounds yesterday afternoon. The score was 8 to 6. Timely hits in the seventh and eighth innings won the game for Spaulding. In the seventh, with one run, Spaulding tied up the score, 5 to 5, and in the eighth, Grigg rapped out a two-bagger that scored two runs and Littlejohn laid down a grounder to second base that scored the third run, but forced out Cutler, who had previously singled and passed the way for the last run.

Northfield had to work two pitchers. Ellis started in first, but he lasted only two innings, as he was wild and easy for the local hitters. Sylvester, a south-paw, relieved him in the third inning and did effective work until he weakened in the eighth inning. Fisher did the twisting for Spaulding and pitched a good game, allowing only seven scattered hits and passing but one man. Spaulding had but one bad inning and that was the fifth, when the visitors got in three runs on two hits and two costly errors. In the first inning, Williams rapped out a two-bagger that scored Sturt and in the second Smith and Ellis walked three men, forcing in a run. In the third, with Sylvester in the box, Kenefick drew a pass on four balls, was sacrificed to second by Hagan and scored on Fisher's clean single into right field. Northfield got in two singles and a sacrifice hit in the first inning that tallied one run. In the fourth, Northfield

The Care of the Refrigerator.

Too great care can scarcely be used in keeping the refrigerator perfectly clean. All crumbs should be removed and if liquids are spilled they should be wiped up at once. In summer, especially, frequent and thorough cleanings are required. Remove shelves and scrub them with a brush in hot soda made by dissolving a tablespoonful of Gold Dust washing powder in warm water. Dry with a cloth or in the sunning, if possible. Scrub all parts of the ice and food chamber thoroughly, even the inside of the door, with the hot soda; rinse in clear water, wipe dry and leave open to air. Soda washes with boiling water made from Gold Dust washing powder; scrub the drip pan and then replace the parts. The food chamber requires cleaning more frequently than the ice compartments.

PROF. THOMAS TO SUCCEED ALLDS

Colgate University Professor and an adherent of Hughes Chosen at Special Election.

Utica, N. Y., April 28.—Professor Ralph W. Thomas of Hamilton, Republican and instructor in oratory in Colgate university, was yesterday elected senator of the 37th senatorial district to succeed Jonathan P. Allds resigned.

Prof. Thomas' majority over the Democratic nominee, Edward L. Nash of Norwich, was 2,082.

The interest in the affair, particularly in the rural districts, the farmers preferring to stay at home and give attention to agriculture. The vote was light, a little better than 50 per cent, being recorded. In overcoming a Republican plurality of between 2,500 and 2,600 in Chenango county, Mr. Nash won a victory, though defeated in the district. He won in that county, with a majority of 448. In Norwich, his home town, he obtained a majority of 458.

Prof. Thomas won in Otsego county with a majority of 1,170. He carried the city of Oneonta, by 163 majority, which was a surprise, even to his most sanguine friends. In Madison county, Prof. Thomas had a majority of 1,261.

The Democratic leaders claim a victory achieved, even though their candidate was not elected. They indicate that they have made great gains and last night declared that Mr. Nash will be the candidate at the regular election to oppose Prof. Thomas, if he seeks a renomination. Prof. Thomas, the successful candidate, said last evening:

"One cause of my victory was the resentment felt by the voters for the attack made upon me by the New York newspapers. There was no issue in the campaign that they could raise, there was nothing in my record or life heretofore that they could attack, and they resorted to a campaign of salacious slander and vilification and my friends all over this district are indignant and voted accordingly."

Asked if he would be a candidate next fall, Prof. Thomas said: "I am not ready to announce it, but I expect to be."

AERIAL OCEAN TRIPS.

Wilbur Wright Sees No Reason Why They Should Not Be Made. Dayton, O., April 28.—Wilbur Wright, commenting on the remarkable performance of Louis Paulhan in England, declared yesterday that no reason now exists why a transoceanic flight should not be successful with the present development of the aeroplane.

"I believe that an aeroplane with sufficient gasoline capacity to attempt a trans-Atlantic flight can easily be built," said Mr. Wright. He would not go further into details.

Wright expressed his pleasure at the showing made by Paulhan, saying that aside from Curtiss, Paulhan was probably the most skillful aviator in the world, and really more daring than his American rival. The tests now being made, Mr. Wright thinks, should prove of considerable value in giving a line on the handling of heavier-than-air machines on a long flight.

STOCKS DECLINE SHARPLY.

Prices Carried Down Under Enormous Liquidation.

New York, April 28.—Advancing money market and calling of loans in the Wall street market yesterday were the factors chiefly responsible for a sharp decline in the prices of stock. Speculators in the advance were discouraged over the evidence of influential selling of United States steel, following the advance in the dividend date. The banks gave testimony to the diminished money supply through gold exports by a higher renewal rate on call loans and there was renewal of anxiety over crop conditions.

During the noon hour the appearance of the market was that of semi-demoralization. Calling of loans by the banks forced heavy liquidation, and throwing an additional burden on the market. Money advanced to 7 per cent. United States Steel sold below 80, a low 4 points. American Cotton Oil dropped 5 3/4; Reading, National Lead, Utah Copper, Allis-Chalmers preferred, Amalgamated Copper, Anaconda, the New York Public Utilities, Great Northern Ore Certificates and United States Rubber from 3 to 3 1/2 points.

There was a lull in the storm of liquidation about one o'clock and rallies of a fraction to a point followed. The market then became dull and recovered slightly before the close.

Causes Debility

Here Are Facts Backed Up by a Strong Guarantee. Catarrh causes debility. In our opinion, most people suffering from general debility have catarrh. Such cases of debility cannot be completely cured by medicine not designed to eradicate catarrh. In every case where our remedy fails to give entire satisfaction, we will not charge a cent for the medicine administered during the trial. Now, surely no one should hesitate to believe us or to put our claim to a practical test under such conditions. We will take all the risk; no one else can lose anything by the transaction.

We make these statements and this offer because we know and have time and again proved that Rexall Muc-Tone rarely fails to do as we claim. It is not a cure-all prescribed to cure every disease that flesh is heir to. It is intended for one purpose, i. e., to cure catarrh by assailing the diseased condition in a reasonable, scientific way, which is to employ agents that have been found to have the tonic and alternative power to correct faulty metabolism (disease change) and to stimulate and help nature overcome the cause or causes of catarrh. This being done, appetite increases, nutrition improves, weight is gained, comfort of body is attained and life's work taken up with the zest natural to the perfectly healthy individual.

We want you to try Rexall Muc-Tone. Follow directions and take it regularly and consistently for a reasonable length of time. Then, if you are not satisfied, come back and tell us and the money you paid for the treatment will be returned without any argument whatever. Rexall Muc-Tone comes in two sizes, 50c and \$1.00 a bottle. Sold only at our store---The Rexall Store, The Red Cross Pharmacy, Burt H. Wells, proprietor.

NO GRILL FOR WICKERSHAM

The Ballinger Investigating Committee GOES TO HIS RESCUE

The Pinchot Side Is Blocked---The Republicans Vote to Prevent Inquiry About Date Summary Against Glavis.

Washington, April 28.—The Republican majority on the Ballinger-Pinchot investigating committee yesterday blocked an attempt made by counsel for the so-called "prosecution" to prove its contention that Attorney-General Wickersham had been guilty of misrepresentation in antedating a summary of the Glavis charges prepared for the president and in evidence before the committee.

Following up his indictment of Mr. Wickersham last Friday, Attorney Brandeis, representing L. R. Glavis and others, wrote to the committee asking for full information from the department of justice and the interior department hearing on the summary and its preparation. The request was yesterday refused.

The summary was dated Sept. 11, 1909, two days before the date of the president's letter to Secretary Ballinger, exonerating him from the Glavis charges. Mr. Brandeis claims this summary was not really written until last December.

Mr. Wickersham refused either to affirm or deny the truth of this charge, and the committee by its vote of 7 to 5, yesterday declined to adopt any measures to compel him to reveal the facts. The four Democrats on the committee voted solidly in favor of permitting Mr. Brandeis to turn the searchlight of publicity into this matter. The only Republican who did not vote in committee to deny it was Representative Madison of Kansas, the "insurgent," who was absent. Mr. Madison went in after the public session had begun and asked to be recorded as voting with the Democrats.

Senators Nelson, Flint, Sutherland, and Row, and Representatives McCall, Olmsted, and Denby, all Republicans, voted to deny the request, and Senators Fletcher and Purcell and Representatives Graham, James, and Madison voted to grant it.

It became definitely known yesterday that Secretary Ballinger would take his stand within a few days.

ROCKEFELLER MAY WITHDRAW BILL IN DISGUST

Annoyed at Lack of Enthusiasm of Senators Toward Big Philanthropy---Tax Dodging Scheme Hinted At.

Washington, April 28.—It is reported that John D. Rockefeller, angered at the reception given to his plan to establish an enormous philanthropic foundation, and weary of the delays imposed upon the national incorporation of the plan under the laws governing the District of Columbia, will abandon the bill introduced by Senator Gallinger and secure for his project a charter from some state, probably New York.

Starr J. Murphy, the oil king's attorney, has let it be known that Mr. Rockefeller is displeased by the delay and lack of enthusiasm with which his proposition has been received.

Representatives of the proposed "foundation" have become convinced that it will be impossible to overcome the objections of Senator Heyburn and La Follette. Senator Heyburn fears the bill would relieve the entire Rockefeller estate from taxation. Mr. La Follette and others think the terms of the bill are too vague and indefinite, being directly, generally, for the "benefit of humanity."

"The Rockefeller foundation would perpetuate the Standard Oil company, because by the terms of the bill it would leave the investments in the hands of that company and give it additional advantages over other corporations," declared Senator Heyburn. "Mr. Murphy intimated to me that Mr. Rockefeller was disposed to withdraw his 'great gift to humanity' because of the opposition encountered in the Senate. I told him I was not interested in that statement."

"I oppose the bill for many reasons. It would free the vast millions now held by the Standard Oil company from taxation. It would be the medium of avoiding the collection of a collateral inheritance tax, not only for this, but for future generations."

Senator Gallinger expressed little hope for the bill. "I shall not call it up," he said yesterday, "until there is time for a debate, and there is not time now. As the Senate will be more rushed with business later on there is not likely to be more time then."

POSTOFFICE BILL REPORTED.

No Amendments Made by the Senate Committee.

Washington, April 28.—No amendments of any character were placed upon the postoffice appropriation bill by the Senate committee, which yesterday ordered the bill reported. Unless amendments are adopted on the Senate floor, the bill will not have to go to conference, and much time will be saved. This would be almost unprecedented.

DR. HYDE'S BOND REVOKED.

Physician Placed in Jail—Miss Swope Tells of Eating Candy.

Kansas City, Mo., April 28.—Owing to the evidence lately presented in the trial of Dr. B. C. Hyde for the murder, by poison, of Colonel Thomas H. Swope, Dr. Hyde's bond of \$100,000 was revoked and the physician was placed in jail Wednesday night by order of Judge Lathrop. Dr. Hyde must remain in prison until he is declared innocent by a jury, or is permitted, by the court to furnish a new bond.

Miss Stella Swope took the witness stand Wednesday and told of Dr. Hyde's giving her a box of candy. "Did you eat any of the candy Dr. Hyde gave you?" asked Prosecutor Conkling.

"I did," she answered. The girl could not remember exactly how long it was after she ate the candy that typhoid fever attacked her.

TWO ARRESTS IN POISON CASE.

An Italian and His Wife Charged with Manslaughter.

Westerly, R. I., April 28.—The first warrants directly charging responsibility for the death of any of the fourteen supposed victims of wood alcohol in this vicinity recently were served late on Wednesday on John Cisco, an Italian, and his wife, Caterina. The two are charged with manslaughter in selling whiskey containing wood alcohol to Daniel T. Sullivan of the same village on April 12 last, from the alleged effects of which he died on the following day. Taken before Clerk Edward G. Cundall of the third district court, Cisco and his wife pleaded not guilty and were held without bail for a hearing before Judge Oliver H. Williams May 6.

JAPANESE TOURING WORLD.

Party of Sixty-Three Business Men Now at Chicago—Coming to Boston.

Chicago, April 28.—The party of sixty-three Japanese business men who are making a tour of the world, with the Japanese British expatriates at London as their main objective, has arrived here. They will leave here next Thursday for New York via Niagara Falls and Boston.

FIVE KILLED ON STEAMER.

Victims of Explosion on Southern Pacific Freighter El Alba.

New Orleans, April 28.—Five men were killed April 24 by the explosion on the Southern Pacific freight steamer, El Alba, which was picked up in distress off the mouth of the Mississippi river Wednesday. This announcement was made when the steamer reached New Orleans yesterday.

Your Boy

No stimulation. No alcohol habit. Ask your doctor about Ayer's Sarsaparilla as a tonic for the young. Lowell, Mass.

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Ayer's Sarsaparilla is a strong tonic, entirely free from alcohol.
